## PROSECUTOR IS MADE DEFENDANT

Albert Stevens One of Five Indiana  
Officials Named in Suit in  
Federal Court

FILED BY TRADING STAMP CO

Home Merchants Concern Attacks  
Validity of Late Act and Would  
Restrain Prosecutors

Albert Stevens prosecutor of Rush county together with the prosecutors of four other counties, has been made a defendant in the federal court in Indianapolis by the Home Merchants association, a Kentucky firm, which attacks the validity of the trading stamp law enacted by the last session of the legislature and seeks to have it declared unconstitutional. The Home Merchants Trading association recently established itself here and a number of stores are giving Home Merchants trading stamps.

Prosecutor Stevens has retained Watson, Titsworth & Green to defend him. The suit was filed by an Indianapolis firm of lawyers. The headquarters of the company are in Louisville, Ky., and the president of the concern is James E. Gamble.

The bill asking that the United States district court pass on the validity of the act requests the court to grant a temporary restraining order against the prosecutors, who are charged with the enforcement of the law, preventing them from taking any steps against the company under its provisions.

Besides Prosecutor Stevens, the other defendants are Alvah J. Rucker, prosecutor of Marion county; Lane B. Osborne, Vanderburg county; Wallace J. Cotton, Jefferson and Switzerland counties and Herbert P. Kennedy, Floyd county.

The law is an act regulating and providing for a license fee of \$1,000 a year for the handling of trading stamps. It specifically states the firm dealing in trading stamps shall pay to the county where its stamps are given away \$1,000 a year for each and every place or store handling its stamps to procure licenses. For failure to comply with the law, it provides a fine of from \$500 to \$1,000 and imprisonment of not more than one year.

The injunction suit attacks the validity of the law on the grounds that it is discriminatory; provides for a confiscatory and unreasonable license fee; impairs the obligation of contracts contrary to the Constitution of United States and is invalid under the bill of rights of the Constitution of Indiana prohibiting general assembly from granting to any citizen privileges not equally belonging to all.

The company alleges that it has a long-established business with merchants in the state, who have bought trading stamps from the company in accordance with their contracts. The bill alleges that the company sells trading stamps to more than 150 merchants in Marion county, and that if the law were enforced the company's business would be practically destroyed, and that many merchants since the passage of the law have decreased their business with the trading stamp company.

Under the federal judicial code a court of three judges, consisting of two district court judges, must sit as one tribunal in deciding a case against an officer of any state where the constitutionality of any state statute is involved.

The date for the hearing of the prayer for the temporary injunction has not been set. Noble C. Butler,

## EXPENSE LIST HAS TO BE FILED

Local Attorneys Believe Treasurers  
of "Wet and Dry" Organiza-  
tions Must Comply.

WITH CORRUPT PRACTICES ACT

Amended in 1913 so as to Include all  
Elections—Twenty Days to File  
Statements.

Local attorneys are of the opinion that the treasurers of the "wet" and "dry" organizations during the recent local option campaign will be compelled under the corrupt practices law to file with the county clerk an itemized statement of all money received and expended.

This is required of political parties in all campaigns and it is stated that the law holds good in option elections. The "dry" forces, to be on the safe side of the law, will proceed to file their statement. A. C. Brown, the treasurer, it is stated, will file the expense account. Under the law governing general elections the expense account must be filed within 20 days after the election.

The amended second section of the law is as follows: "The term political committee as used in this act shall include every committee or combinations of two or more persons to aid or promote the success or defeat of any political party or principle in any election, or of any proposition submitted to vote at a public election, or to aid or take part in the nomination or election of any candidate for public office."

From the term "principle or proposition" it is pointed out it will apply to the local option election. The law states that the treasurer of the different committees shall file the statement and the penalty provided is a heavy one. The corrupt practices law as amended was not in force at the local option election held here in 1913 and the filing of expense statements is a new thing for both sides.

In the statements all the money collected and from whom collected must be given. It is not known what position the "wet" organization takes on this question.

The question had never been given any consideration until last night when a dispatch from Martinsville was read which said that the "wets" contemplated contesing the "dry" victory there a few days ago because the "drys" had not filed their expense statement. This caused attorneys look up the law as amended in 1913.

## CUSTODIAN OF LINERS

United States Appoints Receiver For  
Steamship Company.

(By United Press.)

New York, April 3.—The United States government this afternoon by virtue of receivership proceedings, became the custodian of the greatest fleet of trans-Atlantic liners. United States Judge Hough named P. A. S. Franklin receiver for the International Mercantile Marine Company. He put all the great liners controlled by the company under the wing of Uncle Sam. Franklin will act as an agent for the United States government. Practically all of these liners are British-owned vessels. What would happen if any one of these liners should be attacked by German submarines was a question that puzzled legal experts.

## FARM TEAM RUNS, INJURING DRIVER

Arthur Wagner 23, Suffers Slight  
Concussion of Brain in Acci-  
dent This Afternoon.

### HORSES RUN DOWN RAILROAD

Arthur Wagner, 23, living on the Grant Miller farm, south of the city, suffered a slight concussion of the brain and numerous bruises in a thrilling runaway this afternoon down the Perkins street hill. Wagner was driving a team of horses to a flat bed wagon containing four cords of wood. The wagon, in coming down the grade, ran against the horses causing them to run.

On reaching the C. H. & D. railroad the team turned onto the track, heading west. The wagon upset and Wagner was hurled to the ground. His twelve-year-old brother, Everett, who was on the wagon with him, escaped injury. The runaway was one of the most thrilling witnessed here for some time and people who saw the accident believed Wagner was fatally hurt when they first reached him. He was removed to the home of Lewis Henry, where he was given medical attention.

## J. A. J. BRUNT DIES AT ANDERSON TODAY

Benefactor Who Gave \$125,000 For  
Y. M. C. A. Building Two Weeks  
Born Here.

### BUT LEFT AT AGE OF ONE YEAR

(By United Press.)

Anderson, Ind., April 3.—J. A. J. Brunt, age eighty-three years, a bachelor and the wealthiest man in Madison county, died today of heart disease. Jack Brunt, as he was known, recently gave the city of Anderson \$125,000 for a Y. M. C. A. building. He moved here from Rush county at the age of one year.

It was not generally known that J. A. J. Brunt, the Anderson benefactor, was a product of Rush county. No person could be found today who knew that he was born here.

It was two weeks ago today that Mr. Brunt made known his offer to the city of Anderson. He agreed to give \$125,000 toward a Y. M. C. A. providing the citizens of Anderson raised a like amount within six months. It is not known whether his death will effect the project any. His proposition was that sixty percent, of the amount, \$75,000, should be subscribed in four months and the remaining \$50,000 in the last two months. His bequest made provisions for a board of trustees which should be in entire charge.

Mary Lillian Baldwin, the six-weeks-old daughter of Mr. and Mrs. Charles Baldwin, died last night at their home in East Eighth street. The burial took place this afternoon.

## \$10,200 ASKED IN TWO SUITS

Alma W. and William R. Gunning of  
Shelby County File Actions  
Against Manilla Doctor.

### OUTGROWTH OF AUTO MISHAP

Mrs. Gunning Alleges Dr. T. C. Wal-  
termire's Negligence Was Cause  
For Her Injury.

Dr. Tell C. Waltermire, of Manilla, was made the defendant in two damage suits filed in the circuit court today by Alma W. Gunning and William R. Gunning, residents of Shelby county. Mrs. Gunning demands \$5,000 in her suit and Mr. Gunning asks for \$5,200 in his complaint.

Mrs. Gunning bases her claim for damages on injuries alleged to have been received because of the negligence of Dr. Waltermire in operating his automobile. Mrs. Gunning alleges that on December 1, 1914, while she was driving along a public highway, Dr. Waltermire passed her in his automobile going at an excessive rate of speed, it being alleged that when he passed the rig in which she was riding he was traveling at thirty miles an hour.

Mrs. Gunning states in the complaint that the defendant drove his machine so close to the horse that the animal lunged forward and sideways, upsetting the buggy. She states that she was pinned under the buggy and held fast until assistance reached her. Mrs. Gunning alleges that Dr. Waltermire failed to give her sufficient room on the highway, although she was entitled to half of the road under the laws of the state.

In the accident, Mrs. Gunning alleges that she suffered a badly bruised left leg, the muscles and tendons were strained and her foot bruised. The complaint states that for weeks she was in bed sick as a result of the injuries. It is further alleged that her nervous system was greatly shocked and that she was unable to sleep. She claims to have been permanently injured and blames the negligence on the physician.

In his suit against the physician Mr. Gunning alleges about the same thing as Mrs. Gunning, claiming to have been damaged because of the loss of service to his wife. Mr. Gunning recited the same thing regarding the accident, asserting that Waltermire could have seen their buggy for a distance of one-eighth of a mile before coming to the passing point. Mr. Gunning claims that he paid physicians \$150 for treating his injured wife and takes into account damage to the buggy and injuries to the horse. He asks a total of \$5,000. Isaac Carter of Shelbyville and Kiplinger and Smith of this city represent the Gunnings.

A marriage license was issued this afternoon to John T. Curtis and Nellie Horton.

Mr. and Mrs. W. B. Saul have moved from Raleigh to their farm west of that town. The farm was purchased of Delbert Miles.

Mrs. Martha Voecher of Indianapolis, grand matron of the Eastern Star, made her annual visit to Martha Poe chapter here last evening. Degree work was given on the occasion of her coming and light refreshments were served during the evening.

### RUSH CHAPTER MEETING.

Rush Chapter, No. 24, will hold the regular stated meeting Monday night at which time the past and most excellent master degrees will be conferred.

## ONE DEFENDANT CHANGES PLEA

Fred Morrison Admits Guilt in Terre  
Haute Election Conspiracy  
Trial Today.

### HARD BLOW TO THE DEFENSE

Signal For Outburst by Several De-  
fendants Against Mayor Donn  
M. Roberts.

Indianapolis, Ind., April 3.—Fred Morrison, one of the 28 defendants in the Terre Haute election corruption conspiracy trial, which has continued in federal court here for weeks, addressed the court when it convened today and changed his plea to guilty.

Morrison was an election inspector in C of the sixth ward which is in the heart of the red light district. Evidence has shown a huge mass of padded registration books and witnesses have testified that Morrison worked the lever of the voting machine contrary to law in this precinct. This was Sheriff Dennis Shea's precinct. It was concerning this precinct George Daven was testifying when he was jailed by the court for perjury.

Morrison's action was not expected and came as a blow to the defense which has been asserting in final arguments to the jury that evidence against the defense was insufficient. At recess the court called Morrison before him.

"Morrison, go back to your home, to your wife and children," said Judge Anderson "I shall call you when I need you."

The act of Morrison in changing his plea was the signal for an outburst on the part of several of the defendants who have been for some time been nearing the parting of the ways with Mayor Donn Roberts.

Hilton H. Redman denounced Roberts, intimating that the mayor was holding the defense fund away from the lesser defendants in order to perfect an appeal in case of a verdict of guilty. Hilton is the son of Circuit Judge Eli Redman.

"Why doesn't Roberts go into the pocket and help the poor fellows out!" said Hilton Redman. "I think Morrison changed his plea because he had no money to appeal his case. He has a big family. I'm buying breakfasts for a lot of the fellows now."

Defendants have intimated that they were being sacrificed to save Mayor Roberts. There was little doubt today that in case of an adverse verdict, the defendants will appeal.

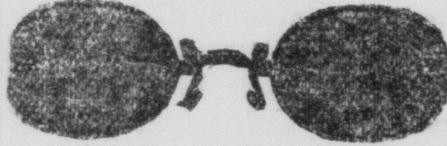

After the completion of the argument yesterday afternoon in behalf of Walsh, Smith and Shea, J. H. Kiplinger of Rushville, began the argument in behalf of William O'Donnell. He asserted there is no evidence to show that O'Donnell participated in the conspiracy either in the election or the registration. He recalled that William Taylor testified for the government that he was in O'Donnell's saloon on election day and that some one in the saloon paid him. He pointed out that another witness testified that he saw O'Donnell with a crowd of strange men in his precinct on election day, but he asserted that there is no evidence to show that O'Donnell was with repeaters or illegal voters. Mr. Kiplinger added that, although O'Donnell contributed money to the campaign fund through Nugent there is nothing to show that he participated in the conspiracy. He asserted that O'Donnell had a right to contribute to the campaign fund if he desired to do so. Mr. Kiplinger spoke only ten minutes, and he was followed in the argument by Finley P. Mount, representing Arthur Gillis.

clerk of the federal court, will at once communicate with other federal judges who will probably sit with Judge Anderson in the case.  
Richard M. Milburn, attorney general, has given an opinion to John Albershardt, of Tipton, which, although unofficial, interprets the meaning of the trading stamp act, but in the opinion, the attorney general does not attempt to pass on the validity of the act, of course.  
The attorney general agrees with John A. Lapp, head of the Indiana bureau of legislative information, whose explanation of the law has already been printed in the Daily Republican, that the law "does not affect or apply to manufacturers of products, who use stamps and coupons to aid the sale of the products manufactured by them, nor does it apply to the retail merchants, who sell direct to consumers."  
The opinion is devoted to an explanation of provisions of the act.

James Osborn, Age 84, Formerly of This City, Dies at Home of Neice in Connersville Today.

### FUNERAL TO BE HERE MONDAY

James Osborn, 84 years old, formerly of this city, died this morning at twelve-thirty o'clock at the home of his neice, Mrs. Grant George, in Connersville. Mr. Osborn fell early this week sustaining a broken rib and internal injuries developed. Because of his advanced age his injuries were considered serious and for the past two days his death had been expected.

Mr. Osborn formerly resided in West First street and was well known here. His wife died several years ago and recently he went to Connersville to make his home with his neice. Mr. Osborn was a veteran of the Civil war having served four years and four months with the Eighteenth Indiana Volunteers. He was a member of the G. A. R. here. Mr. Osborn is survived by one son, Claude Osborn, whose whereabouts are unknown. He is also survived by two neices, Mrs. Dora Bodine of this city and Mrs. George of Connersville, and three nephews, George Osborn of this city and W. W. Sanders and J. M. Sanders of Connersville.

The remains will be brought here Monday afternoon on the 1:37 o'clock traction car and the funeral services will be conducted at the First Presbyterian church. Burial will take place in East Hill cemetery.

### What War Will Do

The war has developed many un-  
 dreamed of things, but none will  
 probably have any greater bearing  
 on the future history of the world  
 than the attitude which the nations  
 at war have taken on the drink ques-  
 tion. Russia has abolished vodka;  
 France has absynthe on the run, and  
 the British cabinet members, acting  
 on the suggestion of King George,  
 have announced they will abstain  
 from the use of liquor during the  
 war. Still more sweeping reforms  
 on the question are expected in Lon-  
 don.

According to United Press corres-  
 pondence from Paris, suppression by

parliamentary action of the sale of  
 Absynthe is not setting France agog  
 by any means. The retail liquor  
 dealers are making no opposition, in-  
 sisting only that the government re-  
 imburse them for the loss of their  
 stocks on hand. These alone amount  
 to some 5,000,000 litres, valued at  
 \$6,000,000, this figure including the  
 duties already paid the government  
 on the liquor. The dealers say they  
 will accept treasury bonds for that  
 amount.

The suppression of the sale which  
 left a terrible trail, of mental and  
 physical wrecks behind it in France  
 is one of the direct results of the  
 war. A temporary suppression as a  
 precautionary war measure met with  
 such universal approval, and so little  
 opposition, owing to the state of war  
 that the fighters of the insidious  
 liquor saw their opportunity for  
 pushing their fight into the floors of  
 parliament.

M. Henri Schmidt, appointed by  
 the Chamber of Deputies, to draw up  
 a report on the proposed suppression  
 law, presented startling figures on  
 the havoc wrought by absynthe in  
 France. The liquor, he stated is the  
 most highly alcoholized of all drinks.  
 It contains from 65 to 72 per cent,  
 of alcohol besides strong essences  
 that make it particularly harmful.

Out of 9,944 cases of delirium  
 tremens examined 1,625 were found  
 due to absynthe alone. The same  
 investigation shows that where beer,  
 produces one case of delirium tremens,  
 wine 4, cider 32, alcohol 77  
 liquors, 143, and aperitives 170, ab-  
 synthe is responsible for 246.

### ATLANTIC FLEET LEAVES CUBA

(By United Press.)

Guantanamo, Cuba, April 3.—  
 Finishing a month's fleet and target  
 practice, the Atlantic fleet steamed  
 northward today, commanded for the  
 first time by an officer with the rank  
 of admiral—Admiral Fletcher. The  
 fleet is due at Tangier Sound, in  
 Chesapeake Bay, Apr. 9, and from  
 Apr. 11 to May 8 will have target  
 practice off the Virginia Capes be-  
 fore going to Newport for the mobili-  
 zation of all naval war craft for a  
 "war game" May 18. Late in June  
 the fleet may go to San Francisco via  
 the Panama Canal if the "big ditch"  
 is cleared of slides.

### TODAY'S ODDEST STORY.

 Anna Swenson, visiting nurse  
 created some consternation  
 when her first report to the  
 board of education showed that  
 592 of the 939 children she had  
 examined were defective physi-  
 cally. But it wasn't a marker  
 to the sensation that resulted  
 when Anna went into details.  
 One of the items in her report  
 was a recommendation that 159  
 of the children "go and get

# What Russia's First Big Victory Means

All the thrilling incidents and developments leading up to the siege and fall of Przemyśl (pronounced pshe'mishl, according to the New Standard Dictionary), are presented in THE LITERARY DIGEST for April 3d. All shades of public opinion, as revealed in the American press, on the importance of this Russian victory and its bearing on the outcome of the war, is also submitted.

Some of the other stirring features which will make up this splendid number are:

## Naval Losses of the War

This is accompanied by special drawings showing the number and the types of ships that have so far been lost by the Allies and by Germany. At a glance the reader can learn the awful score up to date.

## The Post-Office vs. The Railroads

Both sides of the controversy between the Post-Office Department and the Railroads are given fairly and enable the reader to clearly understand the real facts in this important case.

## Our Duty in the Chino-Japanese Dispute

### Philadelphia's Verdict on Billy Sunday

### France's Pet Gun

This last feature is illustrated by special drawings which show the construction and appearance of the famous gun that has had such a deadly effect against the Germans, and which was a jealously guarded secret until the war made concealment no longer possible.

In citing the above-mentioned features, the contents of this week's number of THE LITERARY DIGEST are by no means exhausted, because all the other fields of interest and importance are represented at satisfactory length and with full impartiality by text and picture—Science, Politics, Invention, Sport, Art, Literature, Religion, Education, Industry, Music and the Drama.

## ADVISE HANGING GERMAN OFFICERS

London Newspapers Are Bitter Fol-  
 lowing Torpedoing of Three  
 English Fishing Vessels.

### EXPECTED UNDER HAGUE PACT

(By United Press.)

London, April 3.—Hang Von  
 Tirtitz and other responsible Ger-  
 man officers at the close of the war,  
 was the suggestion of the London  
 Daily Chronicle today in a fresh  
 outburst of indignation against the  
 torpedoing of three English fishing  
 vessels expressly exempted from at-  
 tack by The Hague convention of  
 1907. The other newspapers were  
 equally bitter in charging Germany  
 with reverting to barbarous war-  
 fare.

The 1,493-ton British steamer  
 Lockwood was torpedoed off Start  
 Point in the English channel last  
 night, according to press dispatches  
 today. Her crew reported that the  
 Lockwood was attacked without  
 warning and went down within a few  
 minutes. Every member of the crew  
 is reported to have been rescued.

W. H. Wilson's Body Taken to Home  
 of Brother Here Today.

William Wilson, 37 years old, son  
 of the late William Henry Wilson, of  
 near New Salem, died this morning  
 at one o'clock at the Julietta asylum.  
 He had been an inmate of the asy-  
 lum for the past eight years. Death  
 was caused by epilepsy and was not  
 unexpected as he had been in a seri-  
 ous condition for some time. He is  
 survived by three brothers, Charles,  
 Frank and Donald Wilson and two  
 sisters, Mrs. Henrietta Brown and  
 Mrs. Sam May. The remains were  
 taken to the home of Frank Wilson  
 near New Salem this morning.

The funeral services will be con-  
 ducted Monday afternoon at two  
 o'clock at the New Salem M. E.  
 church. Burial will take place in  
 East Hill cemetery.

# JOHNSON FACES HARD BATTLE

Opinion Expresses That Willard Has Best Chance of Anyone of Taking Title from Black

## YOUTH MAY BE BIG FACTOR

Trainers Say Champion Has Not Displayed Much in Training Work Set For Monday.

(U. P. Staff Correspondent)  
Havana, Apr. 3.—In a specially constructed arena, inside the race course at Miramar, Jess Willard, formerly a Kansas cowboy, Monday afternoon will take up the white man's burden. The young giant—he is well over six feet tall and weighs nearly 250 pounds—will go against Jack Johnson in a forty-five round battle for the heavyweight championship of the world.

Not since James J. Jeffries once the unbeatable, met and was conquered by the black title holder at Reno, Nev., years ago, has there been such interest in a pugilistic combat as has been evinced in tomorrow's struggle. A strongly rooted faith in the minds of a great many persons that this time the big black has met his match is the chief cause of so much interest. On every side one hears the opinion expressed that Willard stands the best chance of beating Johnson that any of his opponents have had.

Johnson isn't the great fighter that he was when he wrested the title from Little Tommy Burns, nor even when he crushed the shell that once was the mighty James J. Jeffries. His gay life—wine parties, joy riding and the like—has stamped its effect on him.

Shrewd trainers, men who know when fighters are in condition by looking at them, usually shook their heads after watching Johnson work, as though they believed there was something wrong. The snap wasn't there. The big black didn't glide around with the speed that he once showed. And his work against his boxing partners was very poor.

Willard is no match for Johnson on straight ability. Even the white man's most ardent admirers admit that. But his youth is being counted on to triumph over Johnson's age.

It is freely admitted that the actions of the referee will have a great deal to do with the outcome of the battle. No matter in how poor shape he is, Johnson if allowed to stall and hold as he has in most of his past fights, may stick the forty-five rounds with Willard. The white man's chance to beat the negro lies in his fighting at long range. If Johnson can keep clinching and hold on in the clinches, Willard's chances will dwindle accordingly.

Willard possesses if figures do not lie, a slightly longer reach than the negro. That should enable him to keep the negro off at arm's length and to keep away from Johnson's left jab, always a factor in his fights.

The white man, in all his past fights, has been slow to act. He has been mostly a defensive fighter, allowing his opponent to carry the fight to him. Critics have questioned seriously whether these tactics will prove of avail against the negro.

# EASTER PARADE IS NOT TO BE SPOILED

Weather Man Today Assures That Sunday Will be Fair and That it Will be Warmer.

## THEY ARE GLADSOME TIDINGS

There isn't any question about the Easter parade being pulled off tomorrow if the weatherman knows whereof he speaks. He says fair tonight and Sunday, and that it is going to get warmer. There are gladsome tidings or the folks who have their spring duds all laid out for donning in the morning, if the sun and skies are agreeable. Merchants have been advertising Easter clothes for two weeks and their sales have been heavy, but since the weather man talks favorably today, it was expected that business would be greatly increased today and tonight.

Easter will be appropriately observed in the churches of the city and county. Elaborate programs of Easter music have been prepared at a number of churches. The Knights Templar will attend the services at the First Presbyterian church in a body and the annual Easter sermon will be preached by the Rev. D. Ira Lambert, D. D.

## PLAGUE TOLL IN HONGKONG

(By United Press.)  
Washington, Apr. 3.—Although they interfere with trade and especially with shipments destined for the United States, there is small chance that plague precautions at Hongkong can be abandoned, according to a report from Consul Anderson made public by the commerce department today. The precautions, remarks Anderson, "represent expense, which of course, sooner or later is paid by the American or other foreign consumer," he admitted that they were necessary, however, Hongkong having had 2,148 cases in the past year, of which 2,024 were fatal.

# ODDS SUDDENLY CHANGE

Betting 6 to 5 on Jess Willard in Havana Today.

BY BARRY FARRIS.  
(U. P. Staff Correspondent.)

Havana, April 3.—A sensational spurt of betting on Monday's world championship fight brought a change in odds today to favor Jess Willard. The prevailing figures were 6 to 5 on the Kansas cowboy's winning. Last night's quotations of 7 to 5 on Johnson veered to even money and then swung to Willard. There was a wild rumor flying about of a tip that it was agreed Willard should win. The fight promoters indignantly denied this and insisted the sudden shift was due to the big influx of fight fans from the States.

## GREAT THINGS IN STORE.

J. C. Snitzler, manager of the Universal film bureau at Indianapolis, who is visiting Universal City in California, has written Charles Rasor, owner of the Gem theater, that great things are in store for Universal patrons. Universal City is the only city in the world which is devoted exclusively to the making of motion pictures. It has a population of 2,000.

## TO REBUILD BARN

The board of trustees of East-haven, of which J. L. Cowing of this city is a member, has decided to build a new barn to replace the one which burned down last week. The cost of the new structure will range between \$6,000 and \$7,000 and will be of modern design.

## BILLY SUNDAY "OPENS"

# MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in uric so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

# RUSHVILLE MAY GO CIRCUSLESS

Stringent Orders by Department of Agriculture Are Explained in Dispatches Today.

## THE MEANING OF THE AREAS

Circus Can Ship in But Can Not Take Certain Kinds of Animals Out of Districts.

Because there might be some difficulty experienced in transporting a circus from what is termed a "restricted" area to another "restricted" area through a closed, exposed or modified area, Rushville may go circusless this year.

That is all like so much Greek unless persons happen to be a familiar with those terms in connection with the restrictions which the United States department of agriculture has thrown about the epidemic of the foot and mouth disease among the live stock.

Earlier in the week Washington dispatches were sent out declaring that all circuses would likely be held up wherever they should chance to be when the order concerning the epidemic reached them, but there seems to have some misunderstanding about it and the bureau of animal industry of the department has just issued the following statement explaining the effect of the order on the movement of circuses.

"In the closed area all shipments in and out are prohibited. In the exposed and modified areas, stock can be shipped in, but it can only be shipped out for immediate slaughter, as far as circuses are concerned, the restricted area is open to them, but for practical purposes, the three other areas are shut.

"The circus could, of course, get into the modified and exposed areas, but it could not take out certain kinds of animals."

The first order was issued March 27 by Secretary of Agriculture Houston. Accompanying it were the following instructions from the acting chief of the bureau of animal industry issued to inspectors in charge:

"Please notify transportation companies, newspapers and interested persons at your station that the secretary of agriculture has issued Amendment 4 to bureau order 236, effective March 29, modifying the foot and mouth disease quarantine and restrictions in the following particulars:

"To regulation 21 is added, defining the terms 'other ruminants,' and 'swine' to include the following circus and menagerie animals; Deer, peccaries, cattle, sheep, goats, zebu, buffaloes, American bison, camels, llamas, giraffes and antelopes. The regulations impose no prohibition on the interstate movement of other circus or menagerie property or animals."

The order became effective March 29.

A statement made by the Bureau of Information, Department of Agriculture, says that the four areas under foot and mouth quarantine into which all state where the disease has appeared are divided are known as "restricted," "closed," "exposed" and "modified."

# RECALLS EARLY SCHOOL HISTORY

Death of Mrs. J. H. Martin at Lebanon Last Night Brings Back Some Old Memories.

## SHE TAUGHT HERE TEN YEARS

Was Member of First Corps of Teachers in First Public School Ever Erected Here.

Some of the early school history of Rushville is recalled by the death last night in Lebanon of Mrs. J. H. Martin, formerly Miss Emma Williams, one of the corps of teachers who taught in the first school building ever erected in Rushville. That was the old building which stood on the site of the Graham school building and which was destroyed by fire May 6, 1906.

Mrs. Martin's death was due to paralysis. She suffered a severe stroke at her home in Lebanon last Tuesday night, but she was not thought to be critically ill. Her power of speech and the use of her right arm and leg were effected. She was the wife of a Lebanon dentist.

The Rev. A. D. Batchelor, pastor of St. Paul's M. E. church, received word of her demise this morning from her son, H. J. Martin, who is editor of the Martinsville Reporter. The Rev. Mr. Batchelor said he had been informed she had taught school here many years ago for a period of about ten years.

Many persons familiar with the early school history of Rushville were interviewed this morning, but it was some time before any one was found who recalled the name of Miss Emma Williams. Mrs. Minnie Abercrombie said that Mrs. Martin was one of the first teachers who ever taught in the old high school building, which was the first public school building ever erected in Rushville.

Some histories of Rushville were consulted and this was found to be the case. Mrs. Martin, or Miss Williams as she then was, taught the first and second grades in the old building, which was dedicated September 9, 1869. Other teachers of that first corps were:

David Graham, superintendent; Miss M. L. Thompson, high school teacher; Miss Fannie Fisher, seventh and eighth grades; Miss Lou Miller, fifth and sixth grades; Miss Marian Stitt, third and fourth grades.

Previous to the time of the erection of the first school building, school was held in church basements and other public buildings.

Chase Taylor, Finishing Out Thirty Days, Gives Bond For Another Offense Today.

## LIQUOR SALE IS CHARGED

Chase Taylor was arraigned before Judge Sparks this morning on a charge of illegal sale of intoxicating liquor and his bond was placed at \$100, which he gave. Taylor has been serving a sentence of thirty days in jail for evading a grand jury summons and his time on this charge will expire Sunday.

The indictment against Chase Taylor, it being alleged that they sold one-half pint of whiskey to Clifford Ewbank, Byron Hinchman and Edgar Foster. The offense is alleged to have occurred January 18, 1915. One of the prosecuting witnesses, Edgar Foster, has left the county, so far has not been found. It was stated today that he had joined the navy to escape appearing against the Taylor boys.

## PROSECUTOR IS MADE DEFENDANT

Albert Stevens One of Five Indiana  
Officials Named in Suit in  
Federal Court

FILED BY TRADING STAMP CO

Home Merchants Concern Attacks  
Validity of Late Act and Would  
Restrain Prosecutors

Albert Stevens prosecutor of Rush county together with the prosecutors of four other counties, has been made a defendant in the federal court in Indianapolis by the Home Merchants association, a Kentucky firm, which attacks the validity of the trading stamp law enacted by the last session of the legislature and seeks to have it declared unconstitutional. The Home Merchants Trading association recently established itself here and a number of stores are giving Home Merchants trading stamps.

Prosecutor Stevens has retained Watson, Tittsworth & Green to defend him. The suit was filed by an Indianapolis firm of lawyers. The headquarters of the company are in Louisville, Ky., and the president of the concern is James E. Gamble.

The bill asking that the United States district court pass on the validity of the act requests the court to grant a temporary restraining order against the prosecutors, who are charged with the enforcement of the law, preventing them from taking any steps against the company under its provisions.

Besides Prosecutor Stevens, the other defendants are Alvah J. Rucker, prosecutor of Marion county; Lane B. Osborne, Vanderburg county; Wallace J. Cotton, Jefferson and Switzerland counties and Herbert P. Kennedy, Floyd county.

The law is an act regulating and providing for a license fee of \$1,000 a year for the handling of trading stamps. It specifically states the firm dealing in trading stamps shall pay to the county where its stamps are given away \$1,000 a year for each and every place or store handling its stamps to procure licenses. For failure to comply with the law, it provides a fine of from \$500 to \$1,000 and imprisonment of not more than one year.

The injunction suit attacks the validity of the law on the grounds that it is discriminatory; provides for a confiscatory and unreasonable license fee; impairs the obligation of contracts contrary to the Constitution of United States and is invalid under the bill of rights of the Constitution of Indiana prohibiting general assembly from granting to any citizen privileges not equally belonging to all.

The company alleges that it has a long-established business with merchants in the state, who have bought trading stamps from the company in accordance with their contracts. The bill alleges that the company sells trading stamps to more than 150 merchants in Marion county, and that if the law were enforced the company's business would be practically destroyed, and that many merchants since the passage of the law have decreased their business with the trading stamp company.

Under the federal judicial code a court of three judges, consisting of two district court judges, must sit as one tribunal in deciding a case against an officer of any state where the constitutionality of any state statute is involved.

The date for the hearing of the prayer for the temporary injunction has not been set. Noble C. Butler,

## EXPENSE LIST HAS TO BE FILED

Local Attorneys Believe Treasurers  
of "Wet and Dry" Organiza-  
tions Must Comply.

WITH CORRUPT PRACTICES ACT

Amended in 1913 so as to Include all  
Elections—Twenty Days to File  
Statements.

Local attorneys are of the opinion that the treasurers of the "wet" and "dry" organizations during the recent local option campaign will be compelled under the corrupt practices law to file with the county clerk an itemized statement of all money received and expended.

This is required of political parties in all campaigns and it is stated that the law holds good in option elections. The "dry" forces, to be on the safe side of the law, will proceed to file their statement. A. C. Brown, the treasurer, it is stated, will file the expense account. Under the law governing general elections the expense account must be filed within 20 days after the election.

The amended second section of the law is as follows: "The term political committee as used in this act shall include every committee or combinations of two or more persons to aid or promote the success or defeat of any political party or principle in any election, or of any proposition submitted to vote at a public election, or to aid or take part in the nomination or election of any candidate for public office."

From the term "principle or proposition" it is pointed out it will apply to the local option election. The law states that the treasurer of the different committees shall file the statement and the penalty provided is a heavy one. The corrupt practices law as amended was not in force at the local option election held here in 1913 and the filing of expense statements is a new thing for both sides.

In the statements all the money collected and from whom collected must be given. It is not known what position the "wet" organization takes on this question.

The question had never been given any consideration until last night when a dispatch from Martinsville was read which said that the "wets" contemplated contesting the "dry" victory there a few days ago because the "drys" had not filed their expense statement. This caused attorneys look up the law as amended in 1913.

## CUSTODIAN OF LINERS

United States Appoints Receiver For  
Steamship Company.

(By United Press.)

New York, April 3.—The United States government this afternoon by virtue of receivership proceedings, became the custodian of the greatest fleet of trans-Atlantic liners. United States Judge Hough named P. A. S. Franklin receiver for the International Mercantile Marine Company. He put all the great liners controlled by the company under the wing of Uncle Sam. Franklin will act as an agent for the United States government. Practically all of these liners are British-owned vessels. What would happen if any one of these liners should be attacked by German submarines was a question that puzzled legal experts.

## FARM TEAM RUNS, INJURING DRIVER

Arthur Wagner 23, Suffers Slight  
Concussion of Brain in Acci-  
dent This Afternoon.

### HORSES RUN DOWN RAILROAD

Arthur Wagner, 23, living on the Grant Miller farm, south of the city, suffered a slight concussion of the brain and numerous bruises in a thrilling runaway this afternoon down the Perkins street hill. Wagner was driving a team of horses to a flat bed wagon containing four cords of wood. The wagon, in coming down the grade, ran against the horses causing them to run.

On reaching the C. H. & D. railroad the team turned onto the track, heading west. The wagon upset and Wagner was hurled to the ground. His twelve-year-old brother, Everett, who was on the wagon with him, escaped injury. The runaway was one of the most thrilling witnessed here for some time and people who saw the accident believed Wagner was fatally hurt when they first reached him. He was removed to the home of Lewis Henry, where he was given medical attention.

## J. A. J. BRUNT DIES AT ANDERSON TODAY

Benefactor Who Gave \$125,000 For  
Y. M. C. A. Building Two Weeks  
Born Here.

### BUT LEFT AT AGE OF ONE YEAR

(By United Press.)

Anderson, Ind., April 3.—J. A. J. Brunt, age eighty-three years, a bachelor and the wealthiest man in Madison county, died today of heart disease, Jack Brunt, as he was known, recently gave the city of Anderson \$125,000 for a Y. M. C. A. building. He moved here from Rush county at the age of one year.

It was not generally known that J. A. J. Brunt, the Anderson benefactor, was a product of Rush county. No person could be found today who knew that he was born here.

It was two weeks ago today that Mr. Brunt made known his offer to the city of Anderson. He agreed to give \$125,000 toward a Y. M. C. A. providing the citizens of Anderson raised a like amount within six months. It is not known whether his death will effect the project any. His proposition was that sixty percent of the amount, \$75,000, should be subscribed in four months and the remaining \$50,000 in the last two months. His bequest made provisions for a board of trustees which should be in entire charge.

Mary Lillian Baldwin, the six-weeks-old daughter of Mr. and Mrs. Charles Baldwin, died last night at their home in East Eighth street. The burial took place this afternoon.

## \$10,200 ASKED IN TWO SUITS

Alma W. and William R. Gunning of  
Shelby County File Actions  
Against Manilla Doctor.

OUTGROWTH OF AUTO MISHAP

Mrs. Gunning Alleges Dr. T. C. Wal-  
termire's Negligence Was Cause  
For Her Injury.

Dr. Tell C. Waltermire, of Manilla, was made the defendant in two damage suits filed in the circuit court today by Alma W. Gunning and William R. Gunning, residents of Shelby county. Mrs. Gunning demands \$5,000 in her suit and Mr. Gunning asks for \$5,200 in his complaint.

Mrs. Gunning bases her claim for damages on injuries alleged to have been received because of the negligence of Dr. Waltermire in operating his automobile. Mrs. Gunning alleges that on December 1, 1914, while she was driving along a public highway, Dr. Waltermire passed her in his automobile going at an excessive rate of speed, it being alleged that when he passed the rig in which she was riding he was traveling at thirty miles an hour.

Mrs. Gunning states in the complaint that the defendant drove his machine so close to the horse that the animal lunged forward and sideways, upsetting the buggy. She states that she was pinned under the buggy and held fast until assistance reached her. Mrs. Gunning alleges that Dr. Waltermire failed to give her sufficient room on the highway, although she was entitled to half of the road under the laws of the state.

In the accident, Mrs. Gunning alleges that she suffered a badly bruised left leg, the muscles and tendons were strained and her foot bruised. The complaint states that for weeks she was in bed sick as a result of the injuries. It is further alleged that her nervous system was greatly shocked and that she was unable to sleep. She claims to have been permanently injured and blames the negligence on the physician.

In his suit against the physician Mr. Gunning alleges about the same thing as Mrs. Gunning, claiming to have been damaged because of the loss of service to his wife. Mr. Gunning recited the same thing regarding the accident, asserting that Waltermire could have seen their buggy for a distance of one-eighth of a mile before coming to the passing point. Mr. Gunning claims that he paid physicians \$150 for treating his injured wife and takes into account damage to the buggy and injuries to the horse. He asks a total of \$5,000. Isaac Carter of Shelbyville and Kiplinger and Smith of this city represent the Gunnings.

A marriage license was issued this afternoon to John T. Curtis and Nellie Horton.

Mr. and Mrs. W. B. Saul have moved from Raleigh to their farm west of that town. The farm was purchased of Delbert Miles.

Mrs. Martha Voecher of Indianapolis, grand matron of the Eastern Star, made her annual visit to Martha Poe chapter here last evening. Degree work was given on the occasion of her coming and light refreshments were served during the evening.

### RUSH CHAPTER MEETING.

Rush Chapter, No. 24, will hold the regular stated meeting Monday night at which time the past and most excellent master degrees will be conferred.

## ONE DEFENDANT CHANGES PLEA

Fred Morrison Admits Guilt in Terre  
Haute Election Conspiracy  
Trial Today.

HARD BLOW TO THE DEFENSE

Signal For Outburst by Several De-  
fendants Against Mayor Donn  
M. Roberts.

Indianapolis, Ind., April 3.—Fred Morrison, one of the 28 defendants in the Terre Haute election corruption conspiracy trial, which has continued in federal court here for weeks, addressed the court when it convened today and changed his plea to guilty.

Morrison was an election inspector in C of the sixth ward which is in the heart of the red light district. Evidence has shown a huge mass of padded registration books and witnesses have testified that Morrison worked the lever of the voting machine contrary to law in this precinct. This was Sheriff Dennis Shea's precinct. It was concerning this precinct George Daven was testifying when he was jailed by the court for perjury.

Morrison's action was not expected and came as a blow to the defense which has been asserting in final arguments to the jury that evidence against the defense was insufficient. At recess the court called Morrison before him.

"Morrison, go back to your home, to your wife and children," said Judge Anderson "I shall call you when I need you."

The act of Morrison in changing his plea was the signal for an outburst on the part of several of the defendants who have been for some time been nearing the parting of the ways with Mayor Donn Roberts.

Hilton H. Redman denounced Roberts, intimating that the mayor was holding the defense fund away from the lesser defendants in order to perfect an appeal in case of a verdict of guilty. Hilton is the son of Circuit Judge Eli Redman.

"Why doesn't Roberts go into the pocket and help the poor fellows out!" said Hilton Redman. "I think Morrison changed his plea because he had no money to appeal his case. He has a big family. I'm buying breakfasts for a lot of the fellows now."

Defendants have intimated that they were being sacrificed to save Mayor Roberts. There was little doubt today that in case of an adverse verdict, the defendants will appeal.

After the completion of the argument yesterday afternoon in behalf of Walsh, Smith and Shea, J. H. Kiplinger of Rushville, began the argument in behalf of William O'Donnell. He asserted there is no evidence to show that O'Donnell participated in the conspiracy either in the election or the registration. He recalled that William Taylor testified for the government that he was in O'Donnell's saloon on election day and that some one in the saloon paid him. He pointed out that another witness testified that he saw O'Donnell with a crowd of strange men in his precinct on election day, but he asserted that there is no evidence to show that O'Donnell was with repeaters or illegal voters. Mr. Kiplinger added that, although O'Donnell contributed money to the campaign fund through Nugent there is nothing to show that he participated in the conspiracy. He asserted that O'Donnell had a right to contribute to the campaign fund if he desired to do so. Mr. Kiplinger spoke only ten minutes, and he was followed in the argument by Finley P. Mount, representing Arthur Gillis.

**Beware of Ointments for Catarrh That Contain Mercury**  
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Richard M. Milburn, attorney general, has given an opinion to John Albershardt, of Tipton, which, although unofficial, interprets the meaning of the trading stamp act, but in the opinion, the attorney general does not attempt to pass on the validity of the act, of course.  
The attorney general agrees with John A. Lapp, head of the Indiana bureau of legislative information, whose explanation of the law has already been printed in the Daily Republican, that the law "does not affect or apply to manufacturers of products, who use stamps and coupons to aid the sale of the products manufactured by them, nor does it apply to the retail merchants, who sell direct to consumers."  
The opinion is devoted to an explanation of provisions of the act.

**INJURIES HASTEN AGED MAN'S DEATH**  
James Osborn, Age 84, Formerly of This City, Dies at Home of Neice in Connersville Today.  
**FUNERAL TO BE HERE MONDAY**  
James Osborn, 84 years old, formerly of this city, died this morning at twelve-thirty o'clock at the home of his neice, Mrs. Grant George, in Connersville. Mr. Osborn fell early this week sustaining a broken rib and internal injuries developed. Because of his advanced age his injuries were considered serious and for the past two days his death had been expected.  
Mr. Osborn formerly resided in West First street and was well known here. His wife died several years ago and recently he went to Connersville to make his home with his neice. Mr. Osborn was a veteran of the Civil war having served four years and four months with the Eighteenth Indiana Volunteers. He was a member of the G. A. R. here. Mr. Osborn is survived by one son, Claude Osborn, whose whereabouts are unknown. He is also survived by two neices, Mrs. Dora Bodine of this city and Mrs. George of Connersville, and three nephews, George Osborn of this city and W. W. Sanders and J. M. Sanders of Connersville.  
The remains will be brought here Monday afternoon on the 1:37 o'clock traction car and the funeral services will be conducted at the First Presbyterian church. Burial will take place in East Hill cemetery.

Mr. Wise On Cravats—

"I never wear the same tie two successive days," said Mr. Wise. "When the season opens I buy six or more and choose them with particular care as to materials and colors. Every month or so I have them pressed so as to keep them in shape. This makes them look better, last longer and gives me the advantage of variety at a trifling cost."

#### What War Will Do

The war has developed many un-  
 dreamed of things, but none will  
 probably have any greater bearing  
 on the future history of the world  
 than the attitude which the nations  
 at war have taken on the drink ques-  
 tion. Russia has abolished vodka;  
 France has absynthe on the run, and  
 the British cabinet members, acting  
 on the suggestion of King George,  
 have announced they will abstain  
 from the use of liquor during the  
 war. Still more sweeping reforms  
 on the question are expected in Lon-  
 don.

parliamentary action of the sale of  
 Absynthe is not setting France agog  
 by any means. The retail liquor  
 dealers are making no opposition, in-  
 sisting only that the government re-  
 imburse them for the loss of their  
 stocks on hand. These alone amount  
 to some 5,000,000 litres, valued at  
 \$6,000,000, this figure including the  
 duties already paid the government  
 on the liquor. The dealers say they  
 will accept treasury bonds for that  
 amount.

The suppression of the sale which  
 left a terrible trail, of mental and  
 physical wrecks behind it in France  
 is one of the direct results of the  
 war. A temporary suppression as a  
 precautionary war measure met with  
 such universal approval, and so little  
 opposition, owing to the state of war  
 that the fighters of the insidious  
 liquor saw their opportunity for  
 pushing their fight into the floors of  
 parliament.

M. Henri Schmidt, appointed by  
 the Chamber of Deputies, to draw up  
 a report on the proposed suppression  
 law, presented startling figures on  
 the havoc wrought by absynthe in  
 France. The liquor, he stated is the  
 most highly alcoholized of all drinks.  
 It contains from 65 to 72 per cent.  
 of alcohol besides strong essences  
 that make it particularly harmful.

Out of 9,944 cases of delirium  
 tremens examined 1,325 were found  
 due to absynthe alone. The same  
 investigation shows that where beer  
 produces one case of delirium tre-  
 mens, wine 4, cider 32, alcohol 77  
 liquors, 143, and apertives 179, ab-  
 synthe is responsible for 216.

#### More News Pirating.

The Friday edition of the Ameri-  
 can contained thirteen articles clip-  
 ped bodily, head and all, from the  
 Daily Republican, with no credit  
 given, and one from the Jacksonian.  
 This does not take into consideration  
 too, the many local and personal  
 items used.

#### ATLANTIC FLEET LEAVES CUBA

(By United Press.)

Guantanamo, Cuba, April 3.—  
 Finishing a month's fleet and target  
 practice, the Atlantic fleet steamed  
 northward today, commanded for the  
 first time by an officer with the rank  
 of admiral—Admiral Fletcher. The  
 fleet is due at Tangier Sound, in  
 Chesapeake Bay, Apr. 9, and from  
 Apr. 11 to May 8 will have target  
 practice off the Virginia Capes be-  
 fore going to Newport for the mobil-  
 ization of all naval war craft for a  
 "war game" May 18. Late in June  
 the fleet may go to San Francisco via  
 the Panama Canal if the "big ditch"  
 is cleared of slides.

## What Russia's First Big Victory Means

All the thrilling incidents and developments leading up to the siege and fall of Przemyśl (pronounced pshe'mishl, according to the New Standard Dictionary), are presented in THE LITERARY DIGEST for April 3d. All shades of public opinion, as revealed in the American press, on the importance of this Russian victory and its bearing on the outcome of the war, is also submitted.

Some of the other stirring features which will make up this splendid number are:

### Naval Losses of the War

This is accompanied by special drawings showing the number and the types of ships that have so far been lost by the Allies and by Germany. At a glance the reader can learn the awful score up to date.

### The Post-Office vs. The Railroads

Both sides of the controversy between the Post-Office Department and the Railroads are given fairly and enable the reader to clearly understand the real facts in this important case.

### Our Duty in the Chino-Japanese Dispute Philadelphia's Verdict on Billy Sunday France's Pet Gun

This last feature is illustrated by special drawings which show the construc-  
 tion and appearance of the famous gun that has had such a deadly effect against  
 the Germans, and which was a jealously guarded secret until the war made  
 concealment no longer possible.

In citing the above-mentioned features, the contents of this week's number  
 of THE LITERARY DIGEST are by no means exhausted, because all the  
 other fields of interest and importance are represented at satisfactory length and  
 with full impartiality by text and picture—Science, Politics, Invention, Sport,  
 Art, Literature, Religion, Education, Industry, Music and the Drama.

### ADVISE HANGING GERMAN OFFICERS

London Newspapers Are Bitter Fol-  
 lowing Torpedoing of Three  
 English Fishing Vessels.

#### EXPECTED UNDER HAGUE PACT

(By United Press.)

London, April 3.—Hang Von  
 Tirtitz and other responsible Ger-  
 man officers at the close of the war,  
 was the suggestion of the London  
 Daily Chronicle today in a fresh  
 outburst of indignation against the  
 torpedoing of three English fishing  
 vessels expressly exempted from at-  
 tack by The Hague convention of  
 1907. The other newspapers were  
 equally bitter in charging Germany  
 with reverting to barbarous war-  
 fare.

The 1,493-ton British steamer  
 Lockwood was torpedoed off Start  
 Point in the English channel last  
 night, according to press dispatches  
 today. Her crew reported that the  
 Lockwood was attacked without  
 warning and went down within a few  
 minutes. Every member of the crew  
 is reported to have been rescued.

W. H. Wilson's Body Taken to Home  
 of Brother Here Today.

William Wilson, 37 years old, son  
 of the late William Henry Wilson, of  
 near New Salem, died this morning  
 at one o'clock at the Julietta asylum.  
 He had been an inmate of the asy-  
 lum for the past eight years. Death  
 was caused by epilepsy and was not  
 unexpected as he had been in a seri-  
 ous condition for some time. He is  
 survived by three brothers, Charles,  
 Frank and Donald Wilson and two  
 sisters, Mrs. Henrietta Brown and  
 Mrs. Sam May. The remains were  
 taken to the home of Frank Wilson  
 near New Salem this morning.

The funeral services will be con-  
 ducted Monday afternoon at two  
 o'clock at the New Salem M. E.  
 church. Burial will take place in  
 East Hill cemetery.

## JOHNSON FACES HARD BATTLE

Opinion Expresses That Willard Has Best Chance of Anyone of Taking Title from Black

YOUTH MAY BE BIG FACTOR

Trainers Say Champion Has Not Displayed Much in Training Work Set For Monday.

(U. P. Staff Correspondent)

Havana, Apr. 3.—In a specially constructed arena, inside the race course at Miramar, Jess Willard, formerly a Kansas cowboy, Monday afternoon will take up the white man's burden. The young giant—he is well over six feet tall and weighs nearly 250 pounds—will go against Jack Johnson in a forty-five round battle for the heavyweight championship of the world.

Not since James J. Jeffries once the unbeatable, met and was conquered by the black title holder at Reno, Nev., years ago, has there been such interest in a pugilistic combat as has been evinced in tomorrow's struggle. A strongly rooted faith in the minds of a great many persons that this time the big black has met his match is the chief cause of so much interest. On every side one hears the opinion expressed that Willard stands the best chance of beating Johnson that any of his opponents have had.

Johnson isn't the great fighter that he was when he wrestled the title from Little Tommy Burns, nor even when he crushed the shell that once was the mighty James J. Jeffries. His gay life—wine parties, joy riding and the like—has stunted its effect on him.

Shrewd trainers, men who know when fighters are in condition by looking at them, usually shook their heads after watching Johnson work, as though they believed there was something wrong. The snap wasn't there. The big black didn't glide around with the speed that he once showed. And his work against his boxing partners was very poor.

Willard is no match for Johnson on straight ability. Even the white man's most ardent admirers admit that. But his youth is being counted on to triumph over Johnson's age.

It is freely admitted that the actions of the referee will have a great deal to do with the outcome of the battle. No matter in how poor shape he is, Johnson if allowed to stall and hold as he has in most of his past fights, may stick the forty-five rounds with Willard. The white man's chance to beat the negro lies in his fighting at long range. If Johnson can keep clinching and hold on in the clinches, Willard's chances will dwindle accordingly.

Willard possesses if figures do not lie, a slightly longer reach than the negro. That should enable him to keep the negro off at arm's length and to keep away from Johnson's left jab, always a factor in his fights. The white man, in all his past fights, has been slow to act. He has been mostly a defensive fighter, allowing his opponent to carry the fight to him. Critics have questioned seriously whether these tactics will prove of avail against the negro.

## EASTER PARADE IS NOT TO BE SPOILED

Weather Man Today Assures That Sunday Will be Fair and That it Will be Warmer.

## THEY ARE GLADSOME TIDINGS

There isn't any question about the Easter parade being pulled off tomorrow if the weatherman knows whereof he speaks. He says fair tonight and Sunday, and that it is going to get warmer. There are gladsome tidings or the folks who have their spring duds all laid out for donning in the morning, if the sun and skies are agreeable. Merchants have been advertising Easter clothes for two weeks and their sales have been heavy, but since the weather man talks favorably today, it was expected that business would be greatly increased today and tonight.

Easter will be appropriately observed in the churches of the city and county. Elaborate programs of Easter music have been prepared at a number of churches. The Knights Templar will attend the services at the First Presbyterian church in a body and the annual Easter sermon will be preached by the Rev. D. Ira Lambert, D. D.

## PLAGUE TOLL IN HONGKONG

(By United Press.)

Washington, Apr. 3.—Although they interfere with trade and especially with shipments destined for the United States, there is small chance that plague precautions at Hongkong can be abandoned, according to a report from Consul Anderson made public by the commerce department today. The precautions, remarks Anderson, "represent expense, which of course, sooner or later is paid by the American or other foreign consumer," he admitted that they were necessary, however. Hongkong having had 2,148 cases in the past year, of which 2,024 were fatal.

## ODDS SUDDENLY CHANGE

Betting 6 to 5 on Jess Willard in Havana Today.

BY BARRY FARRIS.  
 (U. P. Staff Correspondent.)

Havana, April 3.—A sensational spurt of betting on Monday's world championship fight brought a change in odds today to favor Jess Willard. The prevailing figures were 6 to 5 on the Kansan cowboy's winning. Last night's quotations of 7 to 5 on Johnson veered to even money and then swung to Willard. There was a wild rumor flying about of a tip that it was agreed Willard should win. The fight promoters indignantly denied this and insisted the sudden shift was due to the big influx of fight fans from the States.

## GREAT THINGS IN STORE.

J. C. Snitzler, manager of the Universal film bureau at Indianapolis, who is visiting Universal City in California, has written Charles Rasor, owner of the Gem theater, that great things are in store for Universal patrons. Universal City is the only city in the world which is devoted exclusively to the making of motion pictures. It has a population of 2,000.

## TO REBUILD BARN

The board of trustees of Easthaven, of which J. L. Cowing of this city is a member, has decided to build a new barn to replace the one which burned down last week. The cost of the new structure will range between \$6,000 and \$7,000 and will be of modern design.

## BILLY SUNDAY "OPENS"

## MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

RUSHVILLE MAY  
GO CIRCUSLESS

Stringent Orders by Department of  
Agriculture Are Explained in  
Dispatches Today.

THE MEANING OF THE AREAS

Circus Can Ship in But Can Not  
Take Certain Kinds of Animals  
Out of Districts.

Because there might be some difficulty experienced in transporting a circus from what is termed a "restricted" area to another "restricted" area through a closed, exposed or modified area, Rushville may go circusless this year.

That is all like so much Greek unless persons happen to be a familiar with those terms in connection with the restrictions which the United States department of agriculture has thrown about the epidemic of the foot and mouth disease among the live stock.

Earlier in the week Washington dispatches were sent out declaring that all circuses would likely be held up wherever they should chance to be when the order concerning the epidemic reached them, but there seems to have some misunderstanding about it and the bureau of animal industry of the department has just issued the following statement explaining the effect of the order on the movement of circuses.

"In the closed area all shipments in and out are prohibited. In the exposed and modified areas, stock can be shipped in, but it can only be shipped out for immediate slaughter, as far as circuses are concerned, the restricted area is open to them, but for practical purposes, the three other areas are shut.

"The circus could, of course, get into the modified and exposed areas, but it could not take out certain kinds of animals."

The first order was issued March 27 by Secretary of Agriculture Houston. Accompanying it were the following instructions from the acting chief of the bureau of animal industry issued to inspectors in charge:

"Please notify transportation companies, newspapers and interested persons at your station that the secretary of agriculture has issued Amendment 4 to bureau order 236, effective March 29, modifying the foot and mouth disease quarantine and restrictions in the following particulars:

"To regulation 21 is added, defining the terms 'other ruminants,' and 'swine' to include the following circus and menagerie animals; Deer, peccaries, cattle, sheep, goats, zebu, buffaloes, American bison, camels, llamas, giraffes and antelopes. The regulations impose no prohibition on the interstate movement of other circuses or menagerie property or animals."

The order became effective March 29.

A statement made by the Bureau of Information, Department of Agriculture, says that the four areas under foot and mouth quarantine into which all state where the disease has appeared are divided are known as "restricted," "closed," "exposed" and "modified."

RECALLS EARLY  
SCHOOL HISTORY

Death of Mrs. J. H. Martin at Lebanon Last Night Brings Back  
Some Old Memories.

SHE TAUGHT HERE TEN YEARS

Was Member of First Corps of Teachers in First Public School Ever Erected Here.

Some of the early school history of Rushville is recalled by the death last night in Lebanon of Mrs. J. H. Martin, formerly Miss Emma Williams, one of the corps of teachers who taught in the first school building ever erected in Rushville. That was the old building which stood on the site of the Graham school building and which was destroyed by fire May 6, 1906.

Mrs. Martin's death was due to paralysis. She suffered a severe stroke at her home in Lebanon last Tuesday night, but she was not thought to be critically ill. Her power of speech and the use of her right arm and leg were effected. She was the wife of a Lebanon dentist.

The Rev. A. D. Batchelor, pastor of St. Paul's M. E. church, received word of her demise this morning from her son, H. J. Martin, who is editor of the Martinsville Reporter. The Rev. Mr. Batchelor said he had been informed she had taught school here many years ago for a period of about ten years.

Many persons familiar with the early school history of Rushville were interviewed this morning, but it was some time before any one was found who recalled the name of Miss Emma Williams. Mrs. Minnie Abercrombie said that Mrs. Martin was one of the first teachers who ever taught in the old high school building, which was the first public school building ever erected in Rushville.

Some histories of Rushville were consulted and this was found to be the case. Mrs. Martin, or Miss Williams as she then was, taught the first and second grades in the old building, which was dedicated September 9, 1869. Other teachers of that first corps were:

David Graham, superintendent; Miss M. L. Thompson, high school teacher; Miss Fannie Fisher, seventh and eighth grades; Miss Lou Miller, fifth and sixth grades; Miss Marian Stitt, third and fourth grades.

Previous to the time of the erection of the first school building, school was held in church basements and other public buildings.

ARRAIGNED WHEN  
JAIL TERM IS OUT

Chase Taylor, Finishing Out Thirty Days, Gives Bond For Another Offense Today.

LIQUOR SALE IS CHARGED

Chase Taylor was arraigned before Judge Sparks this morning on a charge of illegal sale of intoxicating liquor and his bond was placed at \$100, which he gave. Taylor has been serving a sentence of thirty days in jail for evading a grand jury summons and his time on this charge will expire Sunday.

The indictment against Chase Taylor, it being alleged that they sold one-half pint of whiskey to Clifford Ewbank, Byron Hinchman and Edgar Foster. The offense is alleged to have occurred January 18, 1915. One of the prosecuting witnesses, Edgar Foster, has left the county, so far has not been found. It was stated today that he had joined the navy to escape appearing against the Taylor boys.

LET'S GET TOGETHER  
ON THIS SILO SITUATION

I want to talk to every farmer around here who is planning on building a Silo this year. I can help you choose the kind of a Silo you need to feed your stock. According to my way of thinking, there is just one real silo made—and that's the SAGINAW SAGINAW SILOS are Steel-built. They stand up against wind storms. They are air tight. They give sweet, clean succulent silage all the way through. A SAGINAW SILO will bring you more profit on the farm. By all means let me tell you about the SAGINAW SILO before you decide on a Silo. Let's get together.
